Founder Neurosurgery unit at the Voluntary Health Services, Adyar. President of the World Federation of Neurosurgeons in 1987.

GLOBAL UNION OF SCIENTISTS FOR PEACE

19 December 2009

Dear Dr. Kumar,

Thank you for your recent email, requesting membership in the Global Union of Scientists for Peace, or GUSP.

I was delighted to hear of your interest in GUSP. Actually I would prefer that you take a leadership position for the UAE more in keeping with your status than mere 'membership.' Given your excellent scientific credentials and extremely strong background as the National Director for the UAE, I would like to invite you to be the

I was delighted to hear of your interest in GUSP. Actually I would prefer that you take a leadership position for the UAE more in keeping with your status than mere 'membership.' Given your excellent scientific credentials and extremely strong background as the National Director for the UAE, I would like to invite you to be the Director of the Global Union of Scientists for Peace for the UAE. The position of GUSP

as well as holders of key national or international leadership positions in scientific organizations. Some of our GUSP presidents also have held key governmental positions in science. If you know of anyone in this category in the UAE, one of your responsibilities would be to nominate the leading two or three contenders. We would need basic background, present position and contact information. I will make a choice and we will invite the person with a personal letter from me including a brochure, sent by courier. You can view the contents of the *Nuclear Alert* brochure at www.gusp.org.

As of yet, we have not found anyone on the internet who would be a likely candidate for president there. Therefore, if you accept the directorship, you would be acting essentially as president in the near term. To clarify the two roles, we have found that GUSP presidents are invariably most active and successful in the countries where we have a strong meditating director, to help them understand the vital importance of development of consciousness as a means for creating peace. These two form the core of a team, which we would hope will grow over time. I look forward to hearing from you.

Warm regards,

John Hagelin

International Director

GLOBAL TRUST CENTER

Enabling trust in the digital world

Malmö, 2008-11-21

Dear Mr. Kumar,

On behalf of the Global Trust Center, I would like to thank you for your participation in the second annual meeting of the GTC International Council.

It is our impression that the meeting was successful and we have already received very positive feedback from participants. We greatly appreciated your attendance and I would like to thank you wholeheartedly for your valuable contributions. We hope you enjoyed the occasion as much as we did and will welcome any remarks or suggestions you may have to help us improve the programme of our forthcoming events.

Thanking you again for joining us in Malmö, we look forward to our continued collaboration during the coming year and to your attendance at future Global Trust Center events.

Yours truly,

Thomas Andersson
Chairman
Global Trust Center International Council

Invitation!

Hereby we confirm that Dr. Satish Kumar is invited by Jönköping University, Intentac – International Entrepreneurship Academy – to take part in the planning and development of Intentac's action plan in Jönköping, Sweden. Professor Piero Formica, Dean, and Professor Thomas Andersson, President, look forward to engage Dr. Kumar in the challenges that Intentac face.

Intentac is a network with many prominent researchers from lots of countries and companies as well.

Dr. Kumar has a very profound reputation, knowledge and experience, and we appreciate and look forward to working together with him in our academy, Intentac, during the period of the 31st of October – the 6th of December 2008.

Thomas Andersson
President

Syante Hultman
Manager
